SUBJECT INDEX TO VOLUME XXXIV

(Bo.B.) = Bookshelf Browsing; (E.) = Editorial

Abdominal affections, acute; morphine as an aid in diagnosing, 5
Abscesses of prostate gland, 348
Absorbable tubular membrane; development and surgical applications of, 122
Allantoin, 259
A modified cecostomy, 292
Analgesia; mortality of spinal, 606
Analgesics; inhalation, in obstetrics, 463
Anesthesia and surgery (E.), 408
  a special syringe for use in spinal, 615
  carbon dioxide absorption method for inhalation, 456
  choice of, 419
  endotracheal, 450
  epidural, 547
  etiology of muscular spasms during general, 474
  evipal: its use in proctology, 581
  in children, 468
  in the medical schools (E.), 407
  intravenous, 559
  present status of inhalation, 446
  progress of, (E.), 405
  recognition of, as a specialty (E.), 409
  regional, for operations on the neck, 531
  spinal, 519
  the protective action of picrotoxin in prolonged surgical, with evipal, 571
  ventricular fibrillation in, 496
Anesthetics and liver function, 486
  surgical risk; preoperative estimation of, 410
  applied pharmacology of local, 500
  pharmacological action of inhalation, 435
  regional: agents and methods, 511
A new apparatus for artificial respiration, 611
  technique of nephroureterectomy, 206
An inquiry into several beliefs held by man regarding the anatomical site of the soul (Bo.B.), 621
Anorectal musculature, 141
  syndrome of lymphogranuloma, 316
Anuria, postoperative, 352
Apparatus, a new, for artificial respiration, 611
  inexpensive skeletal fraction, 395
  new, for reduction of fibia and fibula, 396
Appendicitis; ventral position for drainage in ruptured, 69
Appendix; argentaffin cell tumors: "carcinoids" of small intestine and, 294
  mucocele of, 383
  tuberculosis of, 379
Applied pharmacology of local anesthetics, 500
Argentaffin cell tumors: "carcinoids" of small intestine and appendix, 294
Avertin, observations on the use of tribromethanol, 598

Bladder and prostate; neurofibromatosis of, 90
  tumors; transurethral resection, 113
Block, brachial plexus, 544
  caudal and transsacral, 539
Blood transfusions; new method of indirect, 119
  simplified method of drawing blood for citrate, 620
Bones, osteosclerosis (traumatic) of carpal, 357
Bookshelf Browsing:
  An inquiry into several beliefs held by man regarding the anatomical site of the soul, 621
  Dr. Samuel A. Mudd, hero of the Dry Tortugas, 397
  Short history of stomach surgery, 127
Book Reviews:
  Cystoscopy and urography (Macalpine), 402
  Disability evaluation. Principles of treatment of compensable injuries (McBride), 139
  Endocrinology in modern practice (Wolf), 633
  Minor surgery (Christopher), 139
  Orthopaedic surgery (Mercer), 140
  Proctology (Yeomans), 634
  Short practice of surgery (Bailey and Love), 139
  Surgical diseases and injuries of the genito-urinary organs (Thomson-Walker), 402
  Textbook of histology: arranged upon an embryological basis (Bremer), 140
  The balanced diet (Clendenning), 633
  The operations of surgery (Rowlands), 634
  The relief of pain. A handbook of modern analgesia (Balme), 633
  Williams Obstetrics. A textbook for the use of students and practitioners (Stander, Ed.), 402
Brachial plexus block, 544
Breast cancer; survey of incidence in New England, 331
Burns, 254

Calculus, large vesical, 94
Cancer, breast; survey of, incidence in New England, 331
  umbilical, 116
Carbon dioxide absorption method for inhalation anesthesia, 456
"Carcinoids" of small intestine and appendix: argentaffin cell tumors, 294
Carcinoma; analysis of methods of treatment of rectal, particularly electrocoagulation, 57
Carpal bones, osteosclerosis (traumatic) of, 357
Caudal and transsacral block, 539
Cecostomy, modified, 292
Cervical infections and treatment by electrocoagulation, 221
Changing conceptions for surgical relief of prostatic obstruction, 216
Children, anesthesia in, 468
Choice of anesthesia, 419
Citrate blood transfusion; simplified method of drawing blood for, 620
Clinical and experimental study of lithotripsy, 34
Common duct, early gangrene of; perforation of gall bladder, 97
Contusion of heart with aortic regurgitation; complete recovery, 110
Critical analysis of methods of treatment of rectal carcinoma, particularly electrocoagulation, 57
Current issue of The American Journal of Surgery (E.), 403

Deformity, unusual type of Madelung-like, 365
Development and surgical applications of an absorbable tubular membrane, 122
Difficulties and dangers of injection treatment of hernia, 300
Diseases of the thyroid gland, 12
Distention; elimination of upper abdominal, by continuous aspiration during operation, 618
Diverticulosis, jejunal, 369
Diverticulum; malignant tumor of Meckel's, 101
  of ureter, 387
Dr. Samuel A. Mudd, hero of the Dry Tortugas (Bo.B.), 397

Editorials:
Anesthesia and surgery, 408
Anesthesia in the medical schools, 407
Current issue of the American Journal of Surgery, 403
Fewer deaths from gall-bladder disease, 199
Present trend in surgery, 1
Progress of anesthesia, 405
Recognition of anesthesia as a specialty, 409
Electrocoagulation; cervical infections and treatment by, 221
critical analysis of methods of treatment of rectal carcinoma, particularly, 57
Elimination of upper abdominal distention by continuous aspiration during operation, 618
Empyema; treatment of acute, 50
Endotracheal anesthesia, 450
Enucleation of superior thyroid pole, 201
Epidural anesthesia, 547
Epigastric hernia, 376
Etiology of muscular spasms during general anesthesia, 474
Evipal anesthesia: its use in proctology, 581
the protective action of picrotoxin in prolonged surgical anesthesia with, 571
Examinations; observations and aids in rectal and vaginal, during labor, 65

Fewer deaths from gall-bladder disease (E.), 199
Fracture of neck of femur, gridding the femoral head and neck area in, 237

Gall-bladder disease, fewer deaths from (E.), 199
perforation of; early gangrene of common duct, 97
Gas therapy, 588
Germicide, mercresin, a new surgical, 47
Goiter; jaundice associated with toxic, 338
Granuloma venereum and lymphopathia venereum, 322
Gridding the femoral head and neck area in fracture of neck of femur, 237

Head injuries, 232
Heart, contusions of, with aortic regurgitation; complete recovery, 110
Hemorrhagic purpura; splenectomy in treatment of, 340
Hernia; difficulties and dangers of injection treatment of, 300
epigastric, 376
huge ventral, complicated by incarceration of gangrenous ileum, 107
intra-abdominal, 374
left intraperitoneal, 104
modified operation for correction of inguinal, 306
Hirschsprung's disease (megacolon): treatment by one-stage extraperitoneal resection, 272
Huge ventral hernia complicated by incarceration of gangrenous ileum, 107
Hyperinsulinism, 241

Inexpensive skeletal traction apparatus, 395
Inhalation analgesics in obstetrics, 463
anesthesia; carbon dioxide absorption method in, 456
present status in, 446
anesthetics; pharmacological action of, 435
Injection treatment of hernia, difficulties and dangers, 300
Injuries, head, 232
Intestinal obstruction, 72
Intestine, small, and appendix; argentaffin cell tumors: "carcinoids" of, 294
volvulus of, 286
Intra-abdominal hernia, 374
Intravenous anesthesia, 559

Jaundice associated with toxic goiter, 338
Jejunal diverticulosis, 369

Kidney; surgical treatment of transcapsular rupture of, 76

Labor; observations and aids in rectal and vaginal examinations during, 65
Large vesical calculus, 94
Left intraperitoneal hernia, 104
Lithotripsy, clinical and experimental study of, 34
Liver extract, effect of oral and parenteral, on hematopoiesis in splenectomized dogs, 248
function; anesthetics and, 486
Lobectomy for central abscess of lobe; hinge flap for multiple bronchopleural fistulas; post-tonsillectomy peripheral lung abscess, 83
Local anesthetics; applied pharmacology of, 500
Lung abscess; lobectomy for central abscess of lobe; hinge flap for multiple bronchopleural fistulas; post-tonsillectomy peripheral, 83
Luxatio testis traumatica, 18
Lymphogranuloma; anorectal syndrome of, 316
Lymphopathia venereum and granuloma venereum, 322

Madelung-like deformity, unusual type of, 365
Malignant tumor of Meckel's diverticulum, 101
Medication, preanesthetic, 428
Megacolon (Hirschsprung's disease): treatment by one-stage extraperitoneal resection, 272
Mercresin, a new surgical germicide, 47
Modified operation for correction of inguinal hernia, 306
Morphine as an aid in diagnosing acute abdominal affections, 5
Mortality of spinal analgesia, 606
Mucocele of appendix, 383
Mudd, Dr. Samuel A., hero of the Dry Tortugas (Bo.B.), 397
Muscular spasms during general anesthesia; etiology of, 474
Myositis ossificans, 227

Neck; regional anesthesia for operations on the, 531
New apparatus for reduction of tibia and fibula, 396
Nephroptosis, 41
Nephroureterectomy, a new technique of, 206
Neurofibromatosis of bladder and prostate, 90
New instruments in plastic operations on renal pelvis and ureter, 125
method of indirect blood transfusion, 119

Observations and aids in rectal and vaginal examinations during labor, 65
on the use of tribromethanol (avertin), 598
Obstetrics; inhalation analgesics in, 463
Obstruction, intestinal, 72
two quantitative tests of peripheral vascular, 71
Osteosclerosis (traumatic) of carpal bones, 357

Perforation of gall bladder; early gangrene of common duct, 97
Peripheral vascular obstruction; two quantitative tests of, 71
Peritoneal immunization, 266
Pharmacological action of inhalation anesthetics, 435
Pharmacology, applied, of local anesthetics, 500
Picrotoxin; the protective action of, in prolonged surgical anesthesia with evipal, 571

Plastic operations on renal pelvis and ureter; new instruments in, 125
Postoperative anuria, 352
Preanesthetic medication, 428
Preoperative estimation of the anesthetic and surgical risk, 410
Present status of inhalation anesthesia, 446
Proctological problems of the general practitioner, 309
Proctology; evipal anesthesia: its use in, 581
Progress of anesthesia (E.), 405
Prostate gland, abscesses of, 348
neurofibromatosis of bladder and, 90
Prostatic obstruction, changing conceptions for indications for surgical relief of, 216
Purpura; splenectomy in treatment of hemorrhagic, 340

Recognition of anesthesia as a specialty (E.), 409
Rectal carcinoma, critical analysis of methods of treatment of, particularly electrocoagulation, 57
Reduction of tibia and fibula; new apparatus for, 396
Regional anesthetics: agents and methods, 511
anesthesia for operations on the neck, 531
Renal pelvis and ureter; new instruments in plastic operations on, 125
Respiration; a new apparatus for artificial, 611
Resuscitation, 591

Short history of stomach surgery (Bo.B.), 127
Simplified method of drawing blood for citrate blood transfusion, 620
Soul; an inquiry into several beliefs held by men regarding the anatomical site of the, (Bo.B.), 621
Spasms; etiology of muscular, during general anesthesia, 474
Spinal analgesia, mortality of, 606
anesthesia, 519
a special syringe for use in, 615
Splenectomy in treatment of hemorrhagic purpura, 340
Stomach surgery; short history of, (Bo.B.), 127
Surgery; anesthesia and (E.), 408
present trend in, (E.), 1
Surgical treatment of transcapsular rupture of kidney, 76
Survey of breast cancer incidence in New England, 331
Syringe, special, for use in spinal anesthesia, 615

Testis, luxatio, traumatica, 18
The effect of oral and parenteral liver extract on hematopoiesis in splenectomized dogs, 248
present trend in surgery (E.), 1
protective action of picrotoxin in prolonged surgical anesthesia with evipal, 571
Thyroid crisis complicating surgery, 391
enucleation of superior pole of, 201
gland, diseases of, 12
Traction apparatus, inexpensive skeletal, 395
Transfusion; new method of indirect blood, 119
simplified method of drawing blood for citrate blood, 620
Transsacral and caudal block, 539
Transurethral resection of bladder tumors, 113
Treatment of acute empyema, 50
Tribromethanol (avertin), observations on the use of, 598
Tuberculosis of appendix, 379
Tumor, malignant, of Meckel's diverticulum, 101
Tumors, "argentaffin" cell: "carcinoids" of small intestine and appendix, 294
transurethral resection of bladder, 113
Two quantitative tests of peripheral vascular obstruction, 71

Umbilical cancer, 116
Unusual type of Madelung-like deformity, 365
Ureter, diverticulum of, 387

Vascular obstruction; two quantitative tests of peripheral, 71
Ventral position for drainage in ruptured appendicitis, 69
Ventricular fibrillation in anesthesia, 496
Volvulus of small intestine, 286
